

NEW LIFE

Patricia Flynn, SSND, April 4, 1992
Rome Newsletter

For the first time since 1949 our sisters in the Czechoslovakian province were able to openly celebrate a profession ceremony. On February 1, 1992 two novices made their first profession in our motherhouse in Bila Voda. Among the sisters, relatives and friends who came were a group of young women some of whom are in a vocation awareness program with our sisters at the new mission in Opava.

We rejoice with our sisters in the Czechoslovakian province and pray that the newly professed with the sisters who were secretly professed and those professed before 1950 may grow together as a faith community.
